SUMMARY

Full Stack Web Developer with a lifelong passion for learning both in and out of the tech field. Adaptable to changes that may come while working on projects and building user-friendly applications. Finds comfort in the discomfort of the ever-changing world of tech.

TECHNICAL SKILLS

Front End: JavaScript, React, Bootstrap, HTML5, CSS3, JQuery, AJAXj, EJS, Flexbox, CSS Grid
Back End: MySQL, MongoDB, Node, Express, API, OAuth, Firebase, RESTful Routing, Python
Version Control: Git

PROJECTS

SocialDev | https://github.com/albarrank/SocialDev | https://radiant-atoll-98821.herokuapp.com

- Social Media platform for developers to connect with one another.
- It allows the user to create, edit, and save profiles with **MongoDB**.
- Grabs users Github projects by using their GitHub username through Github's **API**.
- State-controlled single page application through the use of **React** and **Redux**.

MemoryGame|https://github.com/albarrank/MemoryGame|https://albarrank.github.io/clicky/index.html

- A memory click game where you can't choose the same image twice.
- Single page application with changing components in **React.**
- Keeps track of the user's score through the use of **state and functional components**.
- Styled with **CSS3** and utilizing the **Bootstrap** library.

BillSplitter | https://github.com/albarrank/BillSplitter | https://bill-splitt.herokuapp.com/

- It helps users input custom amounts to individual people and add up their totals.
- Displays percentage paid of the total bill and tip based on their own split total.
- Single page application built through **React** and **Node** running on an **Express** server.
- Sending and receiving data using **REST API** calls to the server to save into **MySQL**.

EXPERIENCE

Crew Member/Section Leader   2015– Present
Trader Joes   Cerritos, CA

Works with constantly changing teams. Maintain a section order flow and merchandising. Communicate with other crew members to relay tasks. Use critical thinking to assess situations, help delegate tasks, and utilize time management.
